## THE QUALITY OF A BUGGY

### SHOWS IN ITS USE.

If you want a buggy of which you can always be sure we have it. It will **OUT-WEAR, OUT-LOOK and OUT-STAY** any buggy made anywhere by anybody, (no exception whatever) and look better when you have gotten tired of it than most buggies do after 1 or 2 years use. This sounds big and might seem like **WIND**, but we are back of it all. Our guarantee on this buggy is the strongest ever given on **ANY BUGGY** by **ANY FIRM**.

"We guarantee fully against any defect in material for **TWO YEARS** from date of purchase. For one year we guarantee wheels, axles, springs, running gear and shafts **AGAINST BREAKAGE** from any cause whatever. No questions asked at all. If your horse runs away, if you drive over a stump, in fact an accident of any kind breaking up your buggy be fully covered."

That is the quality of this buggy and the price right. We still have the best, cheap, buggy ever sold in this county. Let us show them to you.

### FIVE INCHES

Of Rainfall In Seven Days the Record.

Severe Rain and Hail Storm Wednesday Night, With Much Wind.

All complaints have now ceased about the drouth. Even those hardest to please have enough rain. Beginning with April 24th the following is the official report of the rainfall:

April 25	38 inches
April 28	1.55 "
April 29	.47 "
April 30	.14 "
May 1	2.60 "
Total	4.76 "

This precipitation of nearly five inches has seldom been equaled in any one week. The heavy rains have left the ground in a thoroughly soaked condition, and we are now in danger of getting too much of the "water cure." Corn may rot in the beaten ground and crops not planted will be necessarily late.

The rain Wednesday night and yesterday morning was exceptionally hard. It began about seven o'clock p. m. with a flurry of wind followed by a deluge of water and hailstones, some of which were as large as guinea eggs. The thunder and lightning were terrific accompaniments. The storm, while severe, seems to have done but little damage, as vegetation was hardly advanced enough to be hurt by the hail. Yesterday the sun was out again, but the storm conditions still prevail and we may expect more rain.

### No Prayer Meetings.

The storm Wednesday evening at seven o'clock broke up all of the prayer-meetings in the city. Rain, thunder, lightning, wind and hail proved too much and no attempt was made to hold services in any of the churches. This is the first time in many years that no Wednesday night prayer meeting services were held in the city.

### BARKER-CAROTHERS.

Young Dentist Weds a South Christian Belle.

The marriage of Dr. E. H. Barker and Miss Robbie Carothers, a daughter of Mr. R. J. Carothers, of Lafayette, was solemnized Wednesday evening at 9 o'clock at the residence of Mr. J. B. Allenworth, a relative of the bride. Elder H. D. Smith performed the ceremony in the presence of a limited number of friends. The bridal couple took the north bound train for a tour to St. Louis and other points. They will return in about a week and after a brief visit to the bride's home at Lafayette, will take board with the Misses Hopper on 18th street.

### KENTUCKY ENDEAVORERS.

Annual State Convention Being Held at Cynthiana.

The Annual State Convention of the Christian Endeavorers of Kentucky will begin at Cynthiana today evening. It will continue for three days, and will close with religious services Sunday. National Field Secretary Eberman, is in attendance.

### Gave a Party.

Miss Edna Lander gave a party at the home of her father, Mr. J. B. Lander, on West Seventeenth street Monday night. There were about thirty young people present and the affair was greatly enjoyed by all. Dancing was a feature of the occasion.

### Sold Out Plant.

The Clarksville Gas Light Company has sold out to J. H. Fall and other Nashville capitalists, who will increase the capital stock from \$30,000 to \$50,000 and make extensive improvements.

### WILLFUL MURDER,

So Says the Coroner's Jury After Hearing Witnesses.

One Negro Kills Another at Empire Mines in a Row Over a Woman.

Crofton, Ky., May 1.—Jennie Woodbury, a negro boy 16 years old, was shot and instantly killed at Empire mines, at 7:15 o'clock Tuesday evening. The weapon used was a shotgun, and Woodbury was shot in the breast and died instantly.

Gracey claimed that the boy had insulted his wife and the testimony of Solomon Sanden, col., before the coroner's jury, is that of an eye witness and is probably a correct version. He stated that Gracey came up with a gun on his shoulder and told him that he had been to Woodbury's boarding house and would have killed him if he could have done so.

Gracey gave as a reason that Woodbury had insulted his wife. While this conversation was being held in front of the foreman's office. Woodbury came around the corner. Gracey covered Woodbury and Woodbury said "I have never done anything to you. I have always treated you right, you d—d son-a-b—h." Gracey then fired and Woodbury fell dead. He had a gun in his hands, but made no attempt to use it. Several other witnesses testified to about the same effect. J. R. Holoman stated that the trouble began a few minutes before, when Gracey drew the gun on Woodbury at the boarding house, but left when he was told to have no trouble there. Woodbury ran into the house at that time.

The verdict of the coroner's jury was that the killing was willful murder. Woodbury's home was in Nashville. He had been at Empire since last September. The body was sent to Nashville for interment. The gun used by Gracey was a single-barrel breech loader. Gracey has not been arrested.

### SOUL WINNERS

Meet in Madisonville For Three Days' Session.

The Soul Winners' Convention met in the Baptist church at Madisonville last night and will be in session until to-morrow night. The welcome address was made by D. W. Gatlin, and responded to by H. E. Tralle, State Secretary, and Dr. C. H. Nash, of this city, concluded last night's program with an address on "Soul Winning in Foreign Lands". This afternoon Rev. I. N. Strother, of Cadiz, will deliver an address on "Soul Winning in the Home."

The exercises will open to-morrow morning with a discussion by Rev. W. H. Vaughan, of Howell, and at night Rev. J. N. Prestidge, of Louisville, will address the body on "The Source of Power in Soul Saving."

The district includes the counties of Christian, Trigg, Lyon, Livingston, Crittenden, Caldwell, Hopkins, Webster and Todd.

### SEPARATED FIVE YEARS

And Plaintiff Files Suit Seeking a Divorce.

James Major has brought suit for divorce from Emily Major, the petition states that they were married in Christian county about six years ago and separated in December, 1896. The plaintiff further states that since that time they have not lived together and that they have lived apart more than five years before this action.

Mr. N. Stadelman, who started to Europe about a week ago, returned on account of the sickness of his child. He again left yesterday alone, his wife having decided not to go on the long journey.

### VICTORY FOR DAVIDSON.

Result of the Contest for the Office of Mayor at Covington.

Frankfort, April 29.—The case of Davidson vs Johnson for the office of mayor of Covington, was decided to-day by the appellate court in favor of Davidson, the straight Democratic nominee.

### Miss Reynolds Leads.

Miss Annie May Reynolds now has a long lead in the contest for Queen. The last count gave her 1123 votes out of 2356 cast. She has considerably more than half the votes cast.

Mr. Garner E. Dalton has succeeded Mr. J. M. Bullard as local agent of the Equitable Life Insurance Co. He is a young man of great energy and business capacity and will make the company a hustling and efficient agent.

### THREE ARRESTS.

Woodruff, Drake and Wiley Caught at Sullivan, Ind.

Charged With Being Implicated in the Murder of Officer Robt. H. Coffey.

John Woodruff, Burrell Wiley and Francis Drake, were arrested at Sullivan, Ind., charged with complicity in the murder of officer Robt. H. Coffey at the Empire mines last November, were surrendered to the Kentucky authorities by a Circuit Judge at Sullivan, Ind., Monday. Detective John B. Harlan, of Louisville, who carried Gov. Beckham's requisition to Indiana and caused the arrests, reached this city with his prisoners the same night.

Gov. Durbin, of Indiana, had no hesitancy in honoring the requisition of Gov. Beckham for the men, although he refused to grant a requisition for fugitives Taylor and Finley, who are charged with the assassination of Gov. Goebel.

In addition to the large force of deputies, the men were accompanied by their families, consisting of three women and two children. One of the children was a sucking babe and clung to its mother's breast while the prisoners were rudely jostled through the station to the cars by the guards having them in charge.

Sullivan is a union miners' stronghold and, although there was a political primary held there Monday and many threats of trouble had been made, the officers from Kentucky got out peacefully with their prisoners. There were several hundred union men sympathizers with the prisoners at the jail and at the depot who reviled the officers and called them all sorts of names, but they parted the crowd smilingly and took their prisoners through without noticing the insults offered.

At Evansville a party of sympathizers visited the depot while the party waited for the Louisville & Nashville connection. These also offered insults to the officers, but were quieted by a policeman who threatened to lock the leader up.

The prisoners were accompanied by their attorneys from Sullivan and by one friend.

### WEATHER FOR ALL.

Forecasts Soon to Be Distributed Over R. F. D. Routes.

Mr. Joe P. P'Pool, the local weather man, will soon receive his outfit for issuing daily weather bulletins. As soon as this is done he will begin the work of sending out forecasts over all the Rural Free Delivery routes of the county.

## LIGHTNING'S WORK.

Nearly 2,000 People Annually Killed or Injured.

Seven hundred and thirteen persons were killed and 973 were more or less injured by lightning in the United States during the year 1900. Of those slain by lightning, 291 were killed in the open, 168 in houses, 57 under trees and 56 in barns. The circumstances attending the deaths of the other 151 are not known.

These interesting statistics have been collected by Alfred E. Henry, Professor of meteorology of the Western Bureau, Department of Agriculture. He had collected figures for eleven years concerning fatalities by lightning, but those for the earlier part of that time were too incomplete to furnish accurate information. But Prof. Henry has added to his data the complete statistics for 1899 and 1900, and so made it possible to form an idea of the death rate due to lightning in the various States and Territories.

The greatest number of such deaths in any one State during five years—1896-1900—occurred in Pennsylvania, 186.

Then comes Ohio with 135, then Indiana, Illinois and New York, 124 each.

The largest number of fatal cases were in the Middle Atlantic States, the next greatest in the Ohio valley and Tennessee, with the Middle and Upper Mississippi valley a close third.

On the other hand most deaths by lightning do not occur in the regions where there are most thunder storms. The greatest fatality from a single stroke occurred in Chicago, where lightning struck a zinc-lined shanty in which eleven people had sought shelter from the storm and instantly killed them all.

These rules are laid down for the treatment of any one struck by lightning.

Make the subject breathe by artificially imitating the respiratory movement of the chest.

Keep the body warm.

Send for a physician.

It should be remembered that lightning frequently causes a temporary paralysis of the respiration and heart-beat, which, if left alone, will deepen into death, but if intelligently treated will generally end in recovery.

## T.C. SURVEYORS

Running a Line From Red River to Gracely, Ky.

Clarksville, Tenn., April 25.—The engineer corps of the Tennessee Central Railway Company which is engaged in running a line from Red River to Gracely, Ky., has finished the line to the latter place. The line runs to a point about 350 yards from Gracely to a connection with the Illinois Central at the junction where the Louisville and Nashville, Illinois Central and Cadiz roads meet.

The corps is now surveying to the Princeton branch of the Louisville and Nashville road. They are expected to reach the junction to-morrow. It is thought that the corps will begin a line to Cairo, Ill., but as yet no orders have been received from the chief engineer.

The line surveyed to Gracely goes up West Fork to Little West Fork and then in a westerly direction, running near Kennedy, Ky. From the latter place to Gracely it runs along within about a quarter of a mile of the Princeton branch. The distance over the new line is said to be about three miles shorter than over the Princeton branch.

## FORECAST FOR MAY

Some Frost But Precipitation Will Not Be Sufficient.

A synopsis of Hickey's weather forecast for May follows:

About May 3 look for decided rise of temperature, resulting in storms of thunder, wind and rain, and continuing to the 5. It is probable that an unsettled if not stormy condition of the weather will continue from these stormy days into and through the Vulcan storm period extending from the 7 to the 12.

A marked change to cooler, with great probability of heavy frosts northward are almost certain to follow this period.

A reactionary storm period is central on 14 and 15 followed on the 16 by the Moon's passage over the celestial equator on her way to south declination. Such a thing is not improbable for the daily cycle period returned to above to last into this reactionary period and if such should prove to be the case, look for a general and violent culmination on and touching the 16. Very cool nights and frost over northern sections, will most likely follow these reactionary perturbations, with every cool weather over most parts of the country lasting from the 16 up to the 19.

About 20 look for storms of rain, wind and thunder increasing in extent up to the 23 or 24. On and touching the 26 and 27 look for a change to much warmer, falling barometer and some decided storms of wind and rain. Cloudy, unsettled and perhaps rainy weather will be prolonged into the Vulcan storm period which begins on the 30 and runs into June. The Mercury period is central on the 31, with moon on celestial equator on the same date. May will go out in the midst of gathering storms, and storm indications that will culminate the first few days of June.

Summing up the outlook for May we predict that generally it will be fine month for pushing the work of the season. There will be some abnormal local rains with scattering tornadoes; but if the whole amount of precipitation for the month could be evenly divided over the country, the precipitation would not be sufficient.

## SERVIA'S SCHOOL SYSTEM.

Remarkable Advancement of People Since Education Became Compulsory.

Since the time of King Michael Servia has had an excellent school system and a law making education compulsory. All children between the ages of 7 and 14 must attend school, and since 1881, when only 4 per cent. of the population could read and write, there has been a remarkable advancement, writes W. E. Curtis, in the Chicago Record-Herald. There are a number of academies, a school of commerce, an agricultural college, a school of wine culture and a university with 436 students of whom 38 are women. In addition to these there are 87 "hospitals" or guests—students who are too poor to pay the matriculation fees, but are allowed to attend the lectures and enjoy the full benefit of the university training without receiving degrees. The university occupies a fine building opposite the principal square, with well-selected library of 40,000 volumes. The entire expense of the university is paid by the national treasury, and during the year 1900 cost \$109,000. There are four faculties—law, medicine, science and philosophy.

Some of the school buildings are excellent examples of modern construction and conveniences, and they show an educational enterprise that is creditable to the country. The government supports a museum of natural history, a theater for the encouragement of opera and the drama in the native tongue, and a small picture gallery, which contains an interesting collection of portraits of national characters and several examples of old masters which have been presented from time to time. There are also numerous paintings by native artists. One of them, representing the coronation of an early king of Servia, was awarded a gold medal at the Paris salon in 1900, and was purchased by the government as an encouragement to other artists. Nearly all the pictures by native artists relate to historical events and treat of massacres and assassinations—dying women and hapless men, for the history of Servia has been a chronicle of horrors.

HE SAID SO AT FIRST.

Would Rather Lose Finger Than Be Worsted in Argument.

A farmer was so desirous of being considered infallible that he would often suffer great inconvenience rather than relinquish his claim. "John'd rather have his wife than out when he's hungry," said his wife, who, after long years of contention and final yielding, had learned to know him well. One day he injured one of his fingers so severely that he was obliged to leave his work and go home to have it dressed.

"I'll tell you what it is, Jane," said he to his wife, "that finger will have to come off."

"No, 'twon't, either, John," said she, soothingly. "I've seen plenty of injuries worse'n that."

"Jane, I tell you 'twill. Don't you suppose I know what to expect of my own finger?"

The dispute ran high, and, as usual, the husband had the last word. Days went on and the finger grew worse rather than better, until at last it reached such a state that the doctor was called. He had not been in the room 15 minutes when John summoned his wife.

"Jane," said he, "come here. What do you suppose he says?"

"Well, I should think by the way you're sniffling he says it's all right," said she, also beginning to smile in relief. "I must say I'm glad. You forefinger, and the right hand—it didn't seem to me I could be reconciled if it had to come off."

"But that's just it," interrupted her husband, still smiling in triumph and looking at her with sparkling eyes; "it's got to come off, and I told you so!"—London Tit-Bits.

Immigration Increases.

The annual report of the commissioner general of immigration for the fiscal year ended June 30, 1901, shows that the total arrivals of aliens aggregated 562,888. Of that number 487,018 were stowage and 75,870 land and second cabin passengers. The former as compared with the same class of arrivals during the preceding year, shows an increase of 39,316, about nine per cent, 2,920 of whom came via Canadian ports and 37,396 were landed at ports of this country.

Tonnage of Vessels Increased.

Nine thousand one hundred and seventy-three vessels, with a tonnage of 4,813,227, were inspected and certificated, as against 9,353 in 1900, with a tonnage of 4,507,448, a decrease of 80 vessels and an increase in tonnage of 305,779.

## WOMAN'S SPHERE

All accepted theories of woman's sphere have been set at naught by woman's progress. Not only are there women physicians, women lawyers, women preachers, women composers, etc., but recently an attempt was made to establish women as conductors on a street-car line. It is announced that a woman has recently received a pilot's certificate and license. Another woman has been discovered conducting a butcher's business, and yet another works at the blacksmith's forge. In the last two cases the women were widows and having no other means of support, entered upon the occupations their husbands had followed and practiced them with success. From facts like these, arguments have been made that in time there will be no occupation free from the encroachments of women. But it is easy to see that under ordinary conditions few women could undertake to do successfully the hard manual labor to which men are accustomed. Many a woman finds herself utterly unable to perform the easiest household duties at certain periods, because she suffers from pains which make her incapable of the least physical effort. A majority of women suffer from womanly diseases, and as a consequence are afflicted with backache, headache, sideache, nervousness and other feminine ailments which would make it impossible for them to take up a man's tasks. As long as this condition lasts the women who enter upon what have been deemed masculine occupations will be the exception, not the rule.

But will this condition of womanly weakness and sickness last always? It will not, because every day women are discovering by actual test that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It cures headache, backache, nervousness, sleeplessness, and other feminine ailments which are the result of womanly disease.

"You have my heartfelt thanks for your kind advice to me in my sickness," writes Mrs. George Fletcher, of 166 Victoria Avenue, Galt, Ont. "I was troubled with catarrh of uterus for over a year. The doctors said I would have to go through an operation, but I commenced to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' also his 'Lotion Tablets' and 'Antiseptic and Healing Suppositories.' Now I am completely cured, after using only six bottles of Dr. Pierce's medicines. I am glad to say my medicine has made me a new woman."

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakeview, Montcalm Co., Mich., Box 288. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. R. V. Pierce for his advice. He answered, in a very kind letter, instructing me what to do. I followed his advice and to-day am a well woman, thanks to Dr. Pierce."

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help me myself. I used three bottles in all and it cured me. Now I do all my housework."

Dr. Pierce's Favorite Prescription cures forty-nine out of fifty women who give it a fair and faithful trial. It is remarkable for the variety of female diseases it cures. There is no disease peculiar to women which will not be benefited by the use of "Favorite Prescription." In many cases, as in Mrs. Fletcher's, it cures when doctors say an operation is necessary.

Any weak or sick woman is invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

Do not confuse this offer of free consultation, by letter, made by Dr. Pierce with offers of "free medical advice" made by men or women who are not physicians, and have neither the medical education nor the legal right to practice medicine. Such advice is worse than worthless; it is dangerous.

In a little more than thirty years Dr. R. V. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians, has treated and cured hundreds of thousands of weak and sick women. In inviting you to consult him, by letter, free, Dr. Pierce places at your service, without charge, the resources of one of the greatest and best known medical institutes in the country.

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Of Hopkins county, as a candidate for Congress in the Second district, subject to the action of the Democratic party. Election Nov. 1902.  
We are authorized to announce  
**JUDGE E. P. TAYLOR,**  
Of Davis county, as a candidate for Congress in the Second congressional district, subject to the action of the Democratic party.  
We are authorized to announce  
**MR. WELSH C. BELL,**  
Of Christian county, as a candidate for Railroad Commissioner in the First Railroad District of Kentucky, subject to the action of the Democratic party. Election Nov. 1902.

Mr. Bryan has again declared that he will not be a candidate for President in 1904.  
Hon. J. Sterling Morton, of Nebraska, Cleveland's Secretary of Agriculture, died this week.

The candidates for appellate judge seem to be in no hurry to enter the race. There is only one announcement in the district press so far as we have seen.

It is announced from Washington that Mrs. Roosevelt will go into retirement at Oyster Bay for several months, and that by autumn a baby carriage will be needed at the White House.

The announcement is made that Mark Hanna is to resume his writing for the magazines, interrupted some months ago. His first article may possibly be on "The Meatless Dinner Pail."

Three brothers of the Castellone family have been elected to the French Chamber of Deputies, the first time on record that such a thing has occurred. One of them is the husband of Anna Gould.

Bowling Green's new daily paper is a handsomely printed morning paper, that makes a most creditable start in every way. Morton B. Gaines, son of Col. John B. Gaines, is the general manager.

Hon. John S. Rhea has announced his candidacy for re-election to Congress in the Third district. He was recently unseated by the Republicans and his seat given to McKenzie Moss.

The Kentucky Oil Journal says there are more than 500 companies in Kentucky producing or boring for oil and that 100 of the 119 counties have made some efforts at the development of their oil resources.

Geo. W. Greenup, of Paducah, has withdrawn from the race for Congress in the First district, leaving Ollie James and Sam Crossland to fight it out alone. The primary will be held May 24th.

The editorial department of the Review of Reviews for May gives an excellent summary and exposition of the various measures before Congress. There are also illuminating paragraphs on foreign politics—the French elections, affairs in the far East, and the South African situation, with discriminating comment on the career of Cecil Rhodes and the purpose and probable results of his remarkable benefactions.

**Beware of Ointments for Catarrh That Contain Mercury**

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reputable physician, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney, and Co. Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonial free. Sold by druggists, price 75c per bottle.  
Hall's Family Pills are the best.

**Salt Rheum**  
It may become chronic.  
It may cover the body with large inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.  
Do not delay treatment.  
Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.  
The medicine taken by Mrs. Ida E. Ward, Core Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured, and I have never had any skin disease since."

**Hood's Sarsaparilla**  
Promises to cure and keeps the promise. It is positively unequalled for all cutaneous eruptions. Take it.

Gen. Jake Smith will live in history as the champion barbarian of modern warriors. His order to make "Samar a howling wilderness and kill everybody over ten years old" stands without a parallel for brutality. Sherman's raid is not to be compared to it. Sherman destroyed property, but he spared the lives of non-combatants along his route. Weyler was an angel of mercy compared to Smith. He executed soldiers without conscience, but he at least gave the women and children the privilege of living in the camps he established. Jake takes the cake.

The Nashville News issued a Tennessee Central Edition in celebration of the completion of the T. C. railroad from Harrison to Nashville. The issue contains 64 extra pages, making a paper of 72 pages. It is a great publication of the kind and as a piece of newspaper enterprise is entitled to unstinted praise. As an exploitation of the resources of Tennessee and Nashville, it will undoubtedly do much good. Managing Editor T. B. Goodwin and his assistants should be proud of their achievement.  
The News is rapidly taking a front rank among Southern newspapers.

Ten thousand cattle remained unsold in the pens at the Chicago Stockyards Wednesday night, the result of the packers declaring they would suspend buying until the people again began eating meat. The price on cattle dropped 15 to 25 cents on the hundred weight. Agony shippers charged that they were victims of a conspiracy, and the packers do not deny that they planned a slump in the markets. Fish is taking the place of beef at trust prices.

The Louisville excursion, made up of "Heads of Houses," which has been doing the river towns this week, has had plenty of nice rain water to mix with other things.

**READY FOR BUSINESS.**

**Dr. Outcalt, Successor to Dr. Eckenrode, Arrives.**

Dr. Chas. E. Outcalt, of Fredricksburg, Va., arrived in the city Tuesday night and has opened a dental office over the Bank of Hopkinsville. He is occupying the rooms vacated by Dr. Eckenrode, who returned to Virginia last week. The two dentists exchanged practices.

Dr. Outcalt comes into our midst highly recommended, both professionally and socially. He is a graduate and post-graduate of the University of Maryland and was enjoying an excellent practice when he decided to come to Kentucky and locate in Hopkinsville.  
Mrs. Outcalt will join her husband in a few weeks.  
Dr. Outcalt is boarding with Dr. J. M. Dennis.

**TENNESSEE YOUTH**

**Given a Work House Sentence for Theft.**

Frank Allen, a youth from East Tennessee, was convicted of theft of \$11.25 in cash, a pair of shoes and a valise, and sentenced to the work house for 30 days. He was charged with having robbed two companions, named Gambo and Tate, also of Tennessee. The three boys were working on a farm just west of the city.

**FIFTEEN TRUSTEES**  
For the Confederate Veterans Home Named by Beckham.

Frankfort, Ky., April 29.—Governor Beckham to day named the following as trustees of the Confederate Veterans' Home, provided for by the recent Legislature: H. P. McDonald, of Louisville; W. O. Coleman, of Trimble; R. A. Browder, of Fulton; Fayette Hewitt, of Frankfort; R. E. Duncan, of Havesville, for two year terms; Leland Hathaway, of Winchester; J. H. Bozarth, of Owensboro; Dr. L. B. Blanton, of Danville; A. L. Harrod of Boston, and Ben D. Terry, of Cadiz, for three-year terms; Ben Matt H. Young, of Louisville; Geo. Mattingly, of Bardonia; Dr. L. J. Jones, of Simpson county; T. Hedger of Rogers Gap, and H. H. Ewing of Owingsville, for four-year terms.  
The trustees are to select the site and see that a proper building is erected by private subscription. After the building is completed and ready for occupancy the State will pay \$125 for maintenance of each inmate, provided the total does not exceed \$10,000 per year.

**SURRENDERS LEASE.**

**Hopkinsville Man Will in Future Be General Manager.**

W. E. Booth, who has operated the Carbondale mines, nine miles west of Earlington for several years, surrendered his lease and gave the property over to the Carbondale Coal Company, L. Haydon, of Hopkinsville, will be located at the mines as general manager, and says the mine will be operated without interruption and with the same force and under the same policy as before. Mr. Booth's lease did not expire until August, but his health is poor, and on this account he decided to surrender it now.

**The Most Common Ailment.**

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

**PRESS COMMENT**

**On Young Artist Who Will Appear Here.**

Louisville papers in speaking of Mme. Mirella, who is to sing under the auspices of the Treble Clef Club at the Opera House Friday, May 9th, say:  
"Mme. Mirella is a young artist of wonderful ability. Her voice is a clear high soprano, but possessing such a flexibility that she sings a most pleasing mezzo and there seems to be no limit to her power of entertainment."

**OTHER DAMAGE.**

**Lightning's Work at Oak Grove, This County.**

A special from Clarksville to the Nashville American says: "This section was visited by one of the heaviest rain storms that has been known in twenty years. It was accompanied by thunder and lightning, and while there has been a loss of life reported several narrow escapes from lightning are recorded. A bolt struck the telephone wire connecting P. C. Salter's store at Oak Grove. Will Ladd, a clerk, and J. H. Clayton, the village blacksmith, were inside the store and were dashed to the floor by the shock. Clayton was entirely helpless for hours afterward."

"For 25 years I have never missed taking Ayer's Sarsaparilla every spring. It cleanses my blood, makes me feel strong, and does me good in every way." — John P. Hodnett, Brooklyn, N.Y.

Pure and rich blood carries new life to every part of the body. You are invigorated, refreshed. You feel anxious to be active. You become strong, steady, courageous. That's what Ayer's Sarsaparilla will do for you.

\$1.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows its value as a purifier of the blood. Follow his advice and you will be benefited. J. C. AYER & Co., Lowell, Mass.

### TO PRISON FOR LIE.

John Eggle Goes Up For the Providence Mine Murder.

Earlington, Ky., April 30.—In the Webster Circuit Court at Dixon today John Eggle was sentenced to imprisonment for life. He is one of the two negroes who were captured at Uniontown just after the big battle at Providence last fall when the non-union miners were attacked by an armed body of unionists early one Monday morning. Both negroes were indicted for murder. Both escaped from the Dixon jail, but Eggle was recaptured within a few hours, owing to the severity of the weather. The other fugitive was caught at Uniontown some time afterwards, and was rescued from the officers and released by a mob of union miners at Sturgis. He has never been recaptured.

J. R. Wood, former District President of the Union Mine Workers, and Kit Barnaby, now President of the organization, are under indictment and bond for the same murder. Their trial is set for the July term of Webster Circuit Court. Tom John, a negro, who took part in the attack upon non-union men in the highway, confessed guilt, and was sentenced to one year's imprisonment.

Wont Follow Advice After Paying For It.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Bowel Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all druggists.

### THREE MONTHS

In Work House Was Verdict Of Jury.

Ed Gaines, col., was convicted in the County Court of stealing a pocket-book containing a few dollars and sentenced to three months in the work house. It was a jury case.

### Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not give them this remedy. Our oldest little girl would call lustily for cough syrup between whoops." — JESSIE PINKEY HALL, Springfield, Ala. This Remedy is for sale by all druggists.

### Bitten by a Mad Dog.

Paducah, Ky., April 29.—Edgar Sharber, of near Hopkinsville, who was bitten by a mad dog, arrived in the city to have Capt. Fowler's mad dog applied. The animal attacked him Sunday and was killed.

The ladies wonder how Mrs. B. manages to preserve her youthful looks. The secret is she takes Prickly Ash Bitters; it keeps the system in perfect order. R. C. Hardwick, Special Agent.

### What the Rain Did.

The forest fire in Hopkins county are no longer burning. They couldn't stand 5 inches of "water cure."

### YOUNG MEN'S DAY.

Union Service at the Methodist Church Sunday May 11.

The various churches of Hopkinsville will co-operate in a "Young Men's Day," on Sunday May 11, under the auspices of the State Executive Committee of the Young Men's Christian Association of Kentucky. In the afternoon a men's meeting will be held in the Methodist church, to be addressed by Prof. H. K. Taylor, of Louisville, on the subject, "The Crises of American Manhood." Prof. Taylor is a most interesting and able speaker, and the house should be packed with men to hear him. In the evening all the churches will unite in a meeting at the Tabernacle. This meeting will be addressed by Prof. Taylor, Mr. Henry E. Rosecrans, State Secretary, and Mr. John Lake, Secretary County Work Department of the State Committee. There will be an interesting presentation of the Young Men's Christian Association movement, which, in recent years, has made such a splendid record in Kentucky in the cities, towns, colleges and railroad centers. Every body is invited to this meeting.

### SECRETARY ELECTED.

Commercial Club Completes Its Permanent Organization.

The Directors of the Commercial Club met Monday night and elected Mr. Henry H. Abernathy secretary, fixing his salary at \$50 a month.

The secretary will at once begin the work of pushing the business interests of the city. Mr. Abernathy will go to Adams, Tenn., today to see J. W. Harned & Bro., about the location of the axe handle factory mentioned in the KENTUCKIAN last week.

The canvassing committee reported that \$50 had been raised to put the club on a sound basis.

The next regular meeting of the club will be on the second Monday night in this month.

### No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to merchants that could go no farther, and they are at work again this morning. — H. R. PHELPS, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without using a single day's time. You should keep a bottle of this Remedy in your home. For sale by all druggists.

### SMALL ADVANCES.

The Mine Operators' and Miners' Conference at Central City Agree on Scale.

Central City, Ky., April 30.—An agreement was reached between the coal mine operators and the United Mine Workers to-day. The scale of wages, which will apply from the first of April, 1902, to the first of April, 1903, is practically the same as the scale of last year, an advance of fourteen cents per day for outside day hands and a small advance for both inside and outside drivers, being the only material difference. The convention has been in session here for three days and the best of feeling has been evident from the beginning. While it was not generally believed that an agreement would be reached, the result is about what was expected if a settlement was made and appears to be entirely satisfactory to all concerned.

## SECRETARY'S REPORT

Of Farmers' Institute Held At Church Hill, April 24 and 25.

Hon. J. D. Clardy Was Unanimously Elected Chairman and J. A. Browning, Secretary.

After music F. M. Pierce led in prayer.

Mr. W. T. Fox welcomed the Institute in a nice speech.

Hon. I. B. Nail replied.

Mr. A. H. Wallace read a lengthy and interesting paper on "Status of farming compared with other occupations."

Prof. Garman, of the A. & M. College, Lexington, read a lengthy and able paper on "Insects Injurious to crops." Answering questions, he said: "Spray tobacco plants after setting with Paris Green and air slaked lime."

Culture of Flowers was called. Mrs. J. R. Caudle and Mrs. R. B. Boyd read good papers on this subject, giving their experiences in propagation and culture of same.

By request Miss Mattie Browning sang "Hello! Central, Give Me Heaven."

W. H. Adams read a paper on "Soil Fertility." Said his paper was based on "The young man who was willing to put his hand to the plow, and never look back." The question brought out an interesting discussion.

Corn culture was then taken up. J. B. Walker read a paper recommending careful selection of seed, thorough preparation of soil, and shallow cultivation.

M. V. Owen in his paper agreed with Mr. Walker except, "Plow deep at first, then shallow cultivation." Some general discussion of the subject.

Commercial Fertilizers. — Mr. Smith, of Shelby county, said 20 years ago 5,000 pounds of fertilizers were used in the State; now 100,000 pounds.

Grasses and Clover. — J. J. Garrott and G. H. Stowe read papers on the subject giving their experience in seeding, harvesting, etc., which were interesting and instructive. Some general discussion on the subject.

Gardening was called. F. M. Pierce, said to be successful one should have good land, good seed and good fence, thorough cultivation. He also referred to some notable events which had occurred in the "garden."

Cow Peas and Soy Peas were then taken up. J. C. Gary read a splendid paper on this subject. Prof. Garman said at the Station they put wheat land in peas and beans, cut the hay and reseeded to wheat, by this plan the land improved.

Institute closed until to-morrow 10 a. m.

### SECOND DAY.

Institute called to order by Chairman J. D. Clardy. After music, F. M. Pierce led in prayer.

Commercial Orchards was taken up. G. N. McGrew read a paper in which he said: "Orchards pay better than any other crop." His paper was very instructive, giving statistics of the industry in the United States, etc. J. W. Foard made a good talk on the subject. Some general discussion.

Roads, etc., called. J. R. Caudle read a paper which was full of information, giving his experience in road beds, turpines and keeping same in repair. Supervisor McReynolds said, "he had no paper," but made a good talk. J. B. Walker said that what work was done should be thorough. Judge Fowler made a good talk on the subject.

er made a good talk on the subject, said all creeks and branches in the county were bridged and we must have better roads. Hon. J. D. Clardy, M. V. Owen and others talked on the subject. Much interest manifested on this subject. Institute adjourned for dinner.

After dinner called to order by chairman.

J. M. Adams made a good talk on "Tobacco Culture." Gave his mode of culture, curing, etc. R. C. Gary read a paper on the subject which gave some good and useful information. J. B. Walker read a paper on same subject written by "Grower," which was also good.

Wheat and its Enemies. R. F. Rives and J. W. McGaughey had good papers on this subject, which received much applause.

Household Economics. Mrs. T. G. Gaines' paper on this subject met with hearty applause.

How to Induce Immigration, was read by Hon. I. B. Nail. Said he was doing all he could to induce immigrants to locate in the State.

Stock Feeding. J. B. Walker read a paper on this subject which was written by Prof. May, of A. & M. College. This paper should be published in all county papers, so that all persons could have the benefit of the information contained in it.

Hog Raising and Feeding. C. S. Coleman and M. B. King had instructive papers on this subject.

Farmers' Organizations. Col. Nail said he put this question last on the programme thinking it would not be reached. Made a good talk on the subject. He also thanked all for their attendance and courtesies extended.

Chairman Clardy also returned thanks to audience for attendance, patience, etc.

### Sciatic Rheumatism Cure After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists.

### KNIGHTS TEMPLAR.

Officers Chosen For the Ensuing Year.

At the regular meeting of Moore Commandry No. 6 Knights Templar the following officers were elected to serve for the next twelve months: Sir John H. Pendleton, Eminent Commander.

Sir John T. Hanbery, Generalissimo.

Sir Frank W. Buckner, Captain General.

Sir A. C. Biddle, Prelate.

Sir R. M. Anderson, Treasurer.

### CASE DISMISSED.

Julia Dickerson, col., Discharged at Examining trial.

The examining trial of Delia Dickerson charged with having buried her illegitimate child, was held before Judge Fowler Tuesday. After hearing all the testimony the case was dismissed.

The King of Italy is expected to pardon the American sailors imprisoned at Venice on June 1.

### COMMITTEES NAMED

And Active Work Begins On Old Fiddlers' Contest.

The Old Time Fiddlers' Contest to be held at the Tabernacle here on the night of May 16 promises to be the biggest affair of the kind ever pulled off in Western Kentucky. The following committees from the various city churches have been selected to assist in the matter: Methodist, E. L. Foulks and W. F. Randle; Baptist, J. H. Eggleston and E. M. Flack; Southern Presbyterian, H. W. Tibbs and Dr. F. M. Stites; Episcopal, Dr. J. A. Gunn and Nat. Gaither; Christian, Jack S. Moore and T. W. Lomb; Cumberland Presbyterian, Ross A. Rogers and Jas. West; First Presbyterian, R. H. DeTreville and Allan M. Wallis. Prof. W. H. Harrison, of Bethel Female college, will be Master of Ceremonies.

There will be five judges, selected from the following places: Bowling Green, Clarksville, Madisonville, Hopkinsville and Cadiz. There will be twelve numbers, made up of twenty or more individual contests, contests between Clarksville and Hopkinsville, Madisonville against Springfield, Christian county against Trigg, Pemboke against Hopkinsville; contest three or more generations, contest all performers over 60 years old, etc.

Some of the best old time performers of Western Kentucky and Tennessee have accepted invitations to be present and there will be no less than 40 "good ones" on hand. Nearly \$100 worth of prizes will be given away. Messrs. W. F. Randle and T. E. Bartley have been selected as general managers. The latter is also corresponding secretary.

Reduced rates will be given on the railroads—one and one-third fare for the round trip.

As the entertainment is to be given for charitable purposes, the proceeds go towards liquidating the tabernacle debt—the building should be packed on the occasion. Prices will be 50 cents for reserved seats, general admission 35c, and gallery 25c.

### THROUGH TO FULTON.

Hopkinsville-Paducah Run to be Extended to Fulton.

There will be a change in the time card of the Louisville division of the I. C. railroad, to go into effect Sunday, by which the new train recently put on between here and Hopkinsville will extend its run to Fulton.

Arriving here Sat. 7:50 a. m., it will leave at 8 a. m. for Fulton. It will return from Fulton at 6:30 p. m., leaving immediately for Hopkinsville.

This will be a great convenience to the traveling public.—Paducah News-Democrat.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement in the stomach, liver and bowels. A few doses of Prickly Ash Bitters quickly correct the disorder and sends the blood tingling through the veins, carrying life and energy throughout the system. R. C. Hardwick, Special Agent.

### COSTLY SALUTATION.

"Howdy Judge," Said Prisoner, and It Cost Him \$10.

"Howdy, Judge." was the salutation made Judge Patterson during the progress of a trial in the Circuit Court at Lebanon, Ky., by a well known Lebanon young man. "It will cost you just \$10 to tell me 'howdy,'" was the Judge's reply, "and if you again disturb the Court I shall have the Sheriff invite you to go walking with him."

### COME AND GET ONE.

Congressman Allen Sends Farmers' Bulletins for Distribution.

Washington, D. C. April 21, 1902. EDITOR KENTUCKIAN, Hopkinsville, Ky.

## THE LION OF THE PACE.

Rosa Bonheur's Famous-Looking, Pet Kept Visitor Away.

Of the many artists who have depicted on canvas the tawny royalty of the king of beasts, few indeed have omitted the precaution of maintaining strong bars between themselves and their models—unless, indeed, the models were no longer living. The story is often told of the dinner party given by Sir Edward Landseer, at which the guests were startled by the entry of a stolid butler, who inquired respectfully, in a perfectly matter-of-fact tone:

"Beg pardon, but did you order a lion, sir? There's one downstairs, just come, sir."

There was, indeed, but it was safely dead, and the body had been sent around from the Zoo as a complimentary offering from the authorities to Sir Edwin.

It remained for a woman artist, Rosa Bonheur, to own her own lions, make friends with them and care and handle them with absolute fearlessness and impunity. Indeed, at one time, says the Youth's Companion, she accorded her great pet the freedom of her house and garden. By exactly as if they had been dogs; but this liberty she was later obliged to curtail out of deference to other people's nerves, although the lions never abused it or manifested the least ferocity.

It was certainly hard for the casual caller to arrive expectantly at the gates of the chateau and behold, as soon as the latch clicked, a huge yellow lion rear itself upon the terrace, stretching in a slow and majestic yawn a pair of jaws that could easily bite a man's head off.

"Oh, it is only one of Mlle. Rosa's lions," a neighbor—with intent rather to tease than to reassure—was once heard saying to an alarmed visitor who still hesitated on the safe side of the fence. "Monsieur need only be careful not to step on its tail; the tip is black, and one does not readily observe it. It is a friendly animal—quite friendly, I assure myself—though I do not know how it would behave if stepped on. One might do well to tip toe."

On another occasion a note from an admirer of the artist's work, a distinguished man not known to her personally, was delivered at the chateau. "Mademoiselle," it ran, "I had promised myself in passing through the place, I have seen the lion of the place, mademoiselle, and I therefore offer upon paper the tribute of my profound regard to the lion of the place I no longer expect to see."

## THE SKIPPERS OF THE LAKES.

Do Things That Would Make A Sea Captain's Hair Turn Gray.

It was the fog alone that loathed them. Swift currents and narrow, crooked channels have few terrors for a lake skipper, as long as he can see. Give him the use of his eyes, says William Davenport Hulbert, in Frank Leslie's popular monthly, and he will make good time "wherever the ground is a little damp," and carry several thousand tons of ore along in his trousers pockets. The seemingly reckless way in which he pushes his 500-ton ship around sharp corners and over shoals where there is not a foot of water between her keel and the rocky bottom, finally bringing her up to her own wharf without power, without thinking of calling in a tug to help him, is enough to make a sea captain's hair turn gray. Not that he likes it, exactly; not that he wouldn't much rather have open water and clear sailing all the way from Duluth to Buffalo, if that were possible. But it isn't possible, so he takes things as they come and does the best he can with his fog propulsion. And a remarkably good best it is. His business is to hustle, and he does it with all his might. Even when the fog shuts him in, or a blinding snowfall comes howling down the great lakes, it is to be feared that he does not always slow down as he should. The season of navigation is short, and the ice will soon be making, and the owners will be jumping on him if he doesn't make his trip in time. "Can't stop for a trifle of fog. Let 'er go!"

## Volcanoes as Cooking Stoves.

The Maoris of New Zealand cook their sweet potatoes and other vegetables in volcanic heat. There are a few volcanoes in New Zealand, and some of the Maori live up in the mountains near them. They make the volcanoes do several useful things for them, but the queerest is cooking.

## The Secret

Of womanly health would be esteemed as priceless by thousands of suffering women. Each month sees them mourning in a darkened room at the best they endure pain every day. At the worst the pain becomes torment.

The secret of womanly health is in keeping the womanly organism in a perfectly healthy state. This can be done by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries debilitating drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Women suffering from chronic forms of disease are invited to consult Dr. Pierce, by letter, free. All correspondence is treated as strictly confidential, and womanly confidences are guarded by strict professional propriety. Address Dr. R. V. Pierce, Buffalo, N. Y. Accept no substitute for Dr. Pierce's Favorite Prescription. There is nothing else "just as good" for womanly ailments.

"I suffered for more than ten years with female weakness, of every bad kind, writes Mrs. B. Marston, of Frederic, Macdonald Co., Manitoba. "I used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' with good results. I am able to do all my own work now. I do not know how to thank you enough for the kind advice you have sent me by letter. Your remedies did for me more than all other doctors' medicines, and I have been able to do so."

Dr. Pierce's Pleasant Pellets cure biliousness.

## TWO MILLIONS AHEAD.

Insurance Companies Have Prospered in Kentucky.

Frankfort, Ky., April 26.—The five volume of the thirty-second annual report of the Insurance Department of Kentucky has just been completed by State Insurance Commissioner John B. Chenault. It shows that on January 1, 1901, there were 126 companies doing business in the State. To the present time sixteen of these have withdrawn from the State, two went into the hands of receivers, and a receiver has been asked for a third, and seven new companies have come in, making a total of 114 companies now doing business in Kentucky. The risks written in the State as reported by all fire-marine companies since the last annual report amounted to \$226,461,507.48. Of this amount the Kentucky Stock Companies took \$1,046,018, the Kentucky Mutual \$1,416,818, the Kentucky Assessment Companies \$2,829,328, stock companies of other States \$156,338,803.35 and foreign companies \$61,830,540.15. The losses paid in the State are reported as \$1,829,328.32.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE AMERICAN MONTHLY REVIEW OF REVIEWS is commended by Statesmen, Professional men and thousands of others prominent in the world's activities, for its fine discrimination in sifting the actual news from conflicting report and the presentation of current events in their just proportion. They comment on its freedom from daily-paper sensationalism. All men and women who want to know what the world is doing find it an intellectual necessity, to judge from the letters received from hundreds. Its editors are comprehensive, and labor saving to the busy man or woman. Its timely contributions on important topics are by the best-informed writers. Its reviews of other magazines give the best of their best work. It is profusely illustrated.

These letters will enable all thoughtful men and women to judge of its value to them:

### PRESIDENT

"I know that through its columns views have been presented to me that I could not otherwise have it a very important part of my had access to; because all earnest and thoughtful men, no matter how widely their ideas diverge, give free utterance in its columns."—Theodore Roosevelt.

### EX-PRESIDENT

"I consider it a very valuable addition to my library."—Grover Cleveland.

"It is a publication of very great value. I have sometimes found there very important matter indeed which I should not otherwise have discovered."—George F. Hoar, U. S. Senator, Massachusetts.

Send for particulars as to how it can be had with an invaluable set of books for 50 cents a month.

L. A. D. 1508.

This noted harness and saddle and stallion will make the season of 1902 will make the season at my farm, three miles from Fairview, Ky., at \$10 to insure.

L. A. D. is kind and docile, has no bad habits and any one can handle him. As a show horse he has no equal; he has won four-fifths of all premiums for which he has contested. He has defeated such show horses, that have been prominent in the last ten years, as Dorsey, Estelle, Electrotory, Endor No. 27, Red Eagle No. 28, Thornton Star, Emly, Red Leaf, Preston, Highland Denmark, Red Chief, and many others of equal fame. He is jet black, with just a little white on each hind heel; is 16 hands high, a model in form and style. As to style, action and grace in motion, he possesses as much as any combined horse living. He can trot in 2:55 or better and goes all the saddle gait with ease.

### YANKEE METHODS.

How a Cuban Has Been Benefited by Following Them.

In the province of Havana, after the departure of the Spanish army, a tobacco planter, named Gonzalez, found himself penniless, his family scattered, his plantation destroyed, and his home and storehouses burned. He had been one of hundreds of victims. Leaving only the waste ground behind, he had fled with his family to escape the further rage of the Spaniards.

Happy even to have life as his sole heritage of the conflict, Gonzalez set about rebuilding his fortunes. He managed to borrow \$300 from a friend in Havana. He bought a pair of heavy boots, a few tools, a horse, and some tobacco plants. He made his way through a wilderness to his former home. There was nothing but a growth of weeds and heaps of fallen stones and charred timbers for a welcome; but with energy born of necessity, he began his herculean task. He cleared up part of the ground and planted it. While he was giving nature (which is kind in Cuba), time to rest, he felled some large palm trees, meantime sleeping in the open air by night. After awhile he built of the palm tree lumber a storehouse for his tobacco. He lived in a part of this house, where he dried the tobacco leaves and prepared them for market. At odd times, he did more clearing and more planting. In all this he was absolutely alone and unaided. He had not made a place for his family, his old laborers had died or were a part of reconcentrated populations, and there was little or no help to be had, even if he could have paid for it. So he toiled on with hope for his companions, as many like him were doing in various parts of the country. The result of his pluck is to be seen to-day in a flourishing plantation, the improvement of which he has spent \$6,000, paid out of the receipts for his crop, which has also yielded enough for his living expenses, and has provided a home for his reunited family—Emilia Xauxa, Civil Governor of Havana, in Success.

### NOVEL ADVERTISING PLAN.

Washington Restaurant Man Gave Out Four-Dollar Notes to Change.

The officials of the secret service bureau in Washington were kept busy the other day in explaining the use of so-called \$4 notes by the proprietor of a local restaurant. The report had been circulated that the proprietor was violating the law. The "\$4 notes" consisted of sheets of four \$1 bills, just as they came from the press at the bureau of engraving and printing. Shortly before the holidays the restaurant man circulated an advertisement in which he offered the greatest of holiday novelties, "new \$4 notes." He announced that in giving change to his customers when bills suitlessly large to warrant it were tendered him he would give each of them a new "\$4 note."

The card was a drawing one. The shrewd host was besieged with requests for the new notes, and the demand soon exceeded the supply. A great many persons really expected to get \$4 notes. Others knew that such could not be the case, for the reason that the government had never issued any notes of that denomination. Quite a number expected to find the whole thing a hoax and were surprised when they learned that the man was giving out "\$4 notes" in accordance with his advertisement, that is, sheets containing four \$1 notes.

Several persons assumed that he was violating the law, and reported the matter to the secret service bureau. Each of them was informed by the secret service officers that there was nothing illegal in the restaurant man's action. The secretary of the treasury is allowed by law to give out sheets of four \$1 notes before they are cut, to persons of good standing who may desire them as curiosities or souvenirs, in exchange for other money representing the face value of the notes.

### Valuable Corundum Discoveries.

Corundum is first cousin to the sapphire and the ruby, but lacks their brilliancy of color and transparency. It is a most excellent abrasive material, better than emery, which is impure corundum, in that respect, but hitherto its rarity has made it too high-priced for general use. Recently valuable deposits of corundum have been found in the mountains north of Kingston, Ontario, and it is hoped they will furnish a large supply of the mineral. Traces of sapphire have been found among the deposits, but as yet no specimens of the precious blue gem have revealed themselves.

### Buckskin Bill and his Indian.

Buckskin Bill's Wild West show arrived here from Nashville at an early hour this morning and the train of 10 cars was soon unloaded and a busy scene followed at the show grounds on the Thomas land on East Pearl St. A large number farmers were in town, many of them very early. The parade occurred promptly at 10 o'clock, and was witnessed by a large crowd. The features were unique, the Indians and cow boys especially attracting much attention. Performances are given this afternoon and evening.

There are 36 Indians from the Sioux Reservation with the show. They are headed by the Great Chiefs "Short Bull" and "Red Bear" and sub-chiefs "Two Dog" and "Bear Shield" the medicine man, "Hollow Horn Bear" and Policeman "Bad Corn Cob" with "Crazy Horse" the interpreter. In their tepees this afternoon they were busily engaged in donning their war paint preparatory to the afternoon show. Not one of them but bore scars from wars among themselves or the whites. The band of Indians are off the reservation by the consent of the government while "Buckskin Bill" gives \$10,000 bond for their safe return.

They are a typical band of America's primitive inhabitants and far superior to any band of Indians ever exhibited before the public.—Commercial Appeal Memphis, Tenn. Will exhibit at Hopkinsville Wed. May 10.

On account of the meeting of the new Louisville Jockey club the I. C. railroad will sell round trip tickets to Louisville, on May 2 to 24, inclusive at 15c, limited to May 26. Tickets will be sold at one fare on May 2, 9, 10 and 23 limited to three days from date of sale.

E. M. Sherwood.

### Two Doctors to Wed.

Lexington, Ky., April 28.—The engagement of Dr. Daniel J. Healey, of this city, and Dr. Louise Burghman, of Louisville, is announced. The wedding is to take place June 15. Dr. Burghman was formerly employed as a physician at the Eastern Kentucky Lunatic asylum.

## THE TIME IS PAST

For cheap buggies. Very frequently you see a buggy of a superior make, such as WOODHULL, SCHACHT, TROY or COLUMBUS, that has been used constantly for TEN YEARS, some of them FIFTEEN YEARS. They cost nearly twice as much, but they last four or five times as long, and the people are finding out they have been making a grave mistake in buying the "CHEAP JOHN" grades. We notice this in the brisk trade we are having in the HIGH GRADE WORK this season.

We carry some cheap buggies too for those who haven't the means to buy the best. Our assortment contains a number of wire wheel fancy jobs. We are making good our promise to carry the biggest line of Buggies and Carriages to be found in any one house in the State.

## IN FERTILIZERS
